

Step by step legal requirements to set up Bone Mineral Densitometry (BMD) X-ray Unit premises in Queensland.

1. Apply for Possession Licence (BMD) for the practice
2. Submit a Radiation Safety and Protection Plan for BMD together with point 1. This is a comprehensive document that details your legal radiation obligation for safe use practice.
3. Submit Approval to Acquire form for BMD apparatus. This form details the type of BMD radiation apparatus you will be acquiring.
4. Shielding design for your BMD radiation premises
5. Certificate of compliance PR100:2010 for your BMD premises (before use and every 5 years thereafter)

Sieverts Radiation Consultancy is able to assist all the above to ensure highest radiation safety hygiene for your practice and meeting all legal requirements under the Qld Radiation Safety Act 1999.

Please contact William at 0414 367 711 or william@sieverts.com.au for more information and consultation.
