

## Step by step legal requirements to set up Chiropractic x-ray premises in Queensland.

1. Apply for Possession Licence (direct radiography) for the practice.
2. Submit a Radiation Safety and Protection Plan for Chiropractic practice together with point 1. This is a comprehensive document that details your legal radiation obligation for safe use practice.
3. Submit Approval to Acquire form for X-ray apparatus. This form details the type of radiation apparatus you will be acquiring.
4. Shielding design for your Chiropractic radiation premises.
5. Certificate of compliance PR100:2010 for your Chiropractic premises (before use and every 5 years thereafter) after construction.
6. Certificate of compliance HR001:2010 for your x-ray apparatus (before use and every 3 years thereafter) after installation.

Sieverts Radiation Consultancy is able to assist all the above to ensure highest radiation safety hygiene for your practice and meeting all legal requirements under the Qld Radiation Safety Act 1999.
