

## Step by step legal requirements to set up Cone Beam CT premises in Queensland.

1. Apply for Possession Licence (extra oral cone beam) for the practice
2. Submit a Radiation Safety and Protection Plan for Extra Oral Cone Beam together with point 1. This is a comprehensive document that details your legal radiation obligation for safe use in the practice.
3. Submit Approval to Acquire form for Cone Beam. This form details the type of Cone Beam radiation apparatus you will be acquiring.
4. Shielding design for your extra oral Cone Beam radiation premises
5. Certificate of compliance PR100:2010 for your extra oral Cone Beam premises (before use and every 5 years thereafter)
6. Performance testing to Radiation Safety Protection Plan Section 13 for Cone Beam radiation apparatus (before use and every 3 years thereafter)

Sieverts Radiation Consultancy is able to assist all the above to ensure highest radiation safety hygiene for your practice and meeting all legal requirements under the Qld Radiation Safety Act 1999.
