

Step by step legal requirements to set up a laser practice (for storage and demonstration) in Queensland.

1. Apply for Possession Licence (Laser) for the practice
2. Submit a Radiation Safety and Protection Plan for Laser practice together with point 1. This is a comprehensive document that details your legal radiation obligation for safe use practice.
3. Submit Approval to Acquire form for the Laser apparatus. This form details the type of laser radiation apparatus you will be acquiring.
4. Certificate of compliance PR008:2010 for your Laser premises (before use and every 5 years thereafter) for storage
5. Certificate of compliance HR006:2010 for your Laser apparatus (before use and every 1 year thereafter) for demonstration

Sieverts Radiation Consultancy is able to assist all the above to ensure highest radiation safety hygiene for your practice and meeting all legal requirements under the Qld Radiation Safety Act 1999.

Please contact William at 0414 367 711 or william@sieverts.com.au for more information and consultation.
