

Step by step legal requirements to set up OPG dental premises in Queensland.

1. Apply for Possession Licence (extra oral) for the practice
2. Submit a Radiation Safety and Protection Plan for Extra Oral Dental together with point 1. This is a comprehensive document that details your legal radiation obligation for safe use OPG practice.
3. Submit Approval to Acquire form for OPG. This form details the type of extra oral radiation apparatus you will be acquiring (to be completed between client and x-ray machine supplier).
4. Shielding design for your OPG radiation premises
5. Certificate of compliance PR100:2010 for your OPG premises (before use and every 5 years thereafter)
6. Certificate of compliance HR001:2010 for your x-ray OPG apparatus (before use and every 3 years thereafter)

Sieverts Radiation Consultancy is able to assist all the above to ensure highest radiation safety hygiene for your practice and meeting all legal requirements under the Qld Radiation Safety Act 1999.
