

Step by step legal requirements to set up Dental (intra & extra oral) premises in South Australia

1. Apply for relevant possession licence for the practice
http://www.epa.sa.gov.au/xstd_files/Radiation/Form/application_possess_ionising.pdf
2. Submit a radiation management plan
3. Shielding design report for intra/extra oral dental practice
4. Performance testing of x-ray apparatus to EPA SA requirements (upon registration and every 3 years)
5. Verification of premises shielding as per report when testing x-ray apparatus to EPA SA requirements (upon registration and every 3 years)
6. The supplier/installer must notify EPA SA of the sale and installation using the following form
http://www.epa.sa.gov.au/xstd_files/Radiation/Form/radiation_sale.pdf

Sieverts Radiation Consultancy is able to assist all the above to ensure highest radiation safety hygiene for your practice and meeting all legal requirements under the EPA SA standards.
